Sub- FIR for theft of Tower members in 400KV D/C Maithon - Jamshedpur Transmission line.

Sir,

POWERGRID, the central transmission utility of the country & one of the largest transmission utility in the world, is playing a strategic role in Indian Power Sector. Considered as the nerve centre of Indian Electricity, Power Grid has one of its vital 400/220KV S/S situated at Rupnarayanpur (WB) for bulk transfer of electrical power from National Grid through associated transmission lines.

During routine patrolling of Maithon -Jamshedpur transmission line on 18.02.2020 at 14:15 Hrs, theft of 12 nos tower members have been noticed at Tower no.-203 near vill: Arita under the jurisdiction of your P.S. The approx cost of the theft member is Rs 8000.00 Such theft shall endanger the towers and Collapse of tower shall disturb the power supply in the large section of W.B and Jharkhand states.

You are requested to lodge F.I.R. & enquire about theft of such National property at the earliest. However, considering the importance of this vital Transmission line, we will replace the missing member today to ensure stability of the system.

It is also requested to kindly take proper action for stopping further theft in the above mentioned section to avoid any damage to these towers. Your cooperation in this matter shall be highly appreciated.
