## ଶ୍ରୀ କର୍ଣ୍ଣ ପୁଷ୍ପାଳୀ ମହାତ୍ମ

A micrograph showing a cross-section of brain tissue. The image is dominated by a large, irregularly shaped area of dark purple staining, characteristic of gliosis or scarring. This area is surrounded by normal-looking brain tissue with a more uniform, lighter purple hue. The overall texture appears somewhat granular and less densely packed than the surrounding tissue.
